An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Dawes on July 7, 1998.

The application has been amended as follows:

Claim 44, lines 3, 4, 5, and 9, in each - "wire" has been changed to --core wire--.

The following new claims have been added:

49. The apparatus of Claim 32 wherein said helix has a conical envelope. --

50. The method of Claim 41 where said step of disposing said separable elongate tip portion disposes said helix with a conical envelope. --

The above amendment has been made to reinsert the limitations of cancelled claims 33 and 43 and to render claim 44 definite in the sense of 35 USC 112. Given the propriety of inventorship detailed by applicant in paper #4, the 102(f)/103(a) rejection is withdrawn.

Any inquiry concerning this communication should be directed to Lee S. Cohen at telephone number (703) 308-2998.
